

GUIDE PORTAL: AAA Membership

WomanTours' AAA memberships on its vehicles are "Fleet Accounts," which means they're business accounts. Each membership number covers one vehicle. Some states do not have Fleet Accounts and are therefore unfamiliar with them, but we should be receiving service nationwide as well as in Canada.

If a guide ever runs into trouble where the local AAA doesn't want to service a WT vehicle, she should ask to be transferred to our home club in NYS. NYS AAA will then authorize service for the vehicle.
